Objective

Secure an opportunity contributing to a team while gaining practical experience and scientific knowledge in the fields of geology and geographic information systems.

Skills/ Knowledge

I have acquired public interaction skills, discipline, teamwork, outdoor and interpersonal experience while maintaining a safe and fun environment for tourists and co-workers aboard a vessel. I received training in CPR/AED, First Aid and boating. I have extensive wilderness knowledge and flexibility to adapt to changing circumstances. I have developed public speaking, leadership, patience and management skills through multiple leadership positions and training conferences.

Education

2016 – 2018

University of Wisconsin - Madison, Madison, WI.

Bachelor of Science (Expected December 2020) Geology, Cartography and Geographic Information Systems, GPA: 3.1.

Courses include: Mineralogy, Petrology, Geologic History of the Earth, Introduction to Geologic Structures, Introduction to Cartography, and Geobiology.

Relevant Experience

June-July 2018

Wasatch-Uinta Field Camp, Park City, UT.

Worked in many field environments doing activities such as geologic mapping, cross section drawing, stratigraphic column creation, rock descriptions, and other field related activities.

June-August 2016

Lab Assistant, United States Geological Survey, Baltimore, MD.

Cleaned lab equipment, prepared lab experiments and organized data.

General Experience

June- August 2019

Line Cook and Cashier, Sett Pub, Madison, WI.

Worked as part of a team to effectively serve customers food and drinks under the supervision of supervisors and managers. Used food safety and general safety knowledge to care for customers and members of the team.

June–August 2017

Deckhand, Baltimore Water Taxi, Baltimore, MD.

Acted as junior safety officer of the vessel under a captain’s command, with additional responsibilities of docking, embarking, ticketing and disembarking. Responsible for health and welfare of the passengers and provided customer service, including ticket transactions, for tourists and commuters while on board the vessel.

2012 - 2015

National Youth Leadership Training Staff, Baltimore Area Council, Boy Scouts of America, Baltimore, MD.

Managed a staff, prepared presentations, taught participant leadership skills. Positions included Senior Patrol Leader, Assistant Senior Patrol Leader of Program and Service.

Certifications

Leave No Trace, CPR/AED, First Aid.

Technical Skills

Computer proficiency including Microsoft Word, Power Point, Email and Internet. ArcGIS, Python (1 year), Adobe Photoshop, Mapbox Studio and Adobe Illustrator.

Awards/ Honors
